

Leather Cleaner

Product Information

Nasiol Leather Cleaner is an efficient and effective pre-coating leather cleaner. Please follow the instructions and watch the application video on the official website before using the product.

Application Surfaces

This solution is designed for interior leather upholstery of your vehicles such as seat, steering wheels and more.

Instructions

- Before use shake the bottle very well.
- Before we start cleaning the leather you have to make sure that your leather is free of any sand or debris so make sure it's pretty well vacuumed.
- Use the pump to get some foam on your brush and agitate the leather in a circular motion to loosen up to dirt.
- After that give it a wipe down with the microfiber towel.

Application Tips

Before use shake the bottle very well. Before we start cleaning the leather you have to make sure that your leather is free of any sand or debris so make sure it's pretty well vacuumed. Use the pump to get some foam on your brush and agitate the leather in a circular motion to loosen up to dirt. After that give it a wipe down with the microfiber towel.
